

Nepal Missions Trip

Nov 3-13, 2010 Chitwan, Nepal -- A new area of work for us that Len Renfer scouted this past November. We will enjoy the convenience of staying at a fairly decent hotel since we will be near the Chitwan National Park. Yet, just 30 minutes away are needy villages to work in. We will be providing free medical care to villagers and then team members will share the gospel to the villagers after they receive their care. A couple of free days have been built in to itinerary for us to enjoy the beauty of the nearby park for elephant rides, jeep/jungle safaris, elephant breeding area, etc. Conditions will also be nice with comfortable temperatures at this time of year. Currently only 8 slots available and then trip signups will be closed. This would also be ok for family adventure!

Here is the presumed itinerary:

3 Nov — leave US

5 Nov — arrive Kathmandu (KTM) in afternoon, drive to Chitwan

6 Nov — work

7 Nov — work

8 Nov — off day—

canoe safari, jeep safari, visit elephant breeding area, etc,

9 Nov — work

10 Nov — work

11 Nov —tour in am—elephant ride, elephant bath (around

11 am), then wash and

team starts drive back to KTM after lunch OR leave early back for Kathmandu and enjoy shopping there

12 Nov — Leave KTM in early afternoon.
